

TASK LED LUMINAIRE

TASK is an office luminaire that is designed for Green Buildings whose quantity increases every day in all over the world. It is designed to illuminate specifically the working areas and planes comfortably. It has a quite slim body design and high efficiency SMD LED technology as the light source. Due to its large surface opal diffuser does not cause an unwanted reflection on the computer screens, tables and paper documents with lustrous finishes.

The model with the pull switch mounted on allows the luminaire to be made on and off by the user whereas this feature, indicates that TASK is a customizable light source. The user can make use of the

amount of light in two different steps with the same pull switch.

TASK LED LUMINAIRE

Technical Specifications

| | |
|-----------------------------|--|
| Body | : Sheet Steel, Electrostatik Powder Coated |
| Optical Diffuser | : Opal Acrylic (PMMA) |
| Rated Power | : 43W |
| Light Source | : SMD LED |
| Degree of Protection | : IP 20 |
| Light Color Temp. | : 3000K Warm White, 4000K Cool White, 5000K Neutral White |
| Luminous Flux | : 3462 lm, 4000K |

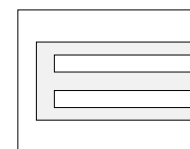

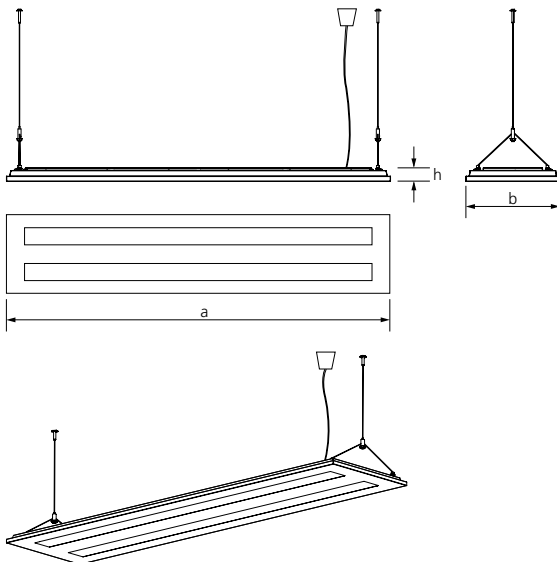

Body Color

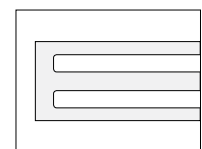

RAL 9010
